Dear parents,

Because we care about the safety of your child we will not be able to call your child out of class until you are present in the front office and we have verified through your ID or License that you are allowed to pick up that student. This will also include calling your child out of class to take a phone call; the office will be more than happy to take a message for your child to return your call. This procedure is for the safety of the students due to non-verification over the phone. Thank you in advance for your cooperation in keeping our campus safe.
